Project experience

- Introduced CSS methodologies as SMACCS and BEM for **americavoice.com** Customer Portal and public websites.
- Improve the markup structure and CSS Bootstrap classes used in the **America Voice Reseller Portal** platform.
- I helped develop and organize CSS styles for **StarMedia.com**, LatinChat, LatinMail, and other brands making use of SASS and methodologies like SMACCS.
- Applied HTML, CSS, and JavaScript to solve several issues on applications to work responsively on a large range of devices for the **ssnapp** client platform.
- Achieve excellent feedback on customer improving **ssnapp** Front-End system.
- Seamlessly worked with Full Stack Developers.
